Ashreinu School for Girls d/b/a Ashreinu Educational Programs educates and develops educational programming for middle and high school-aged students in the Orthodox Jewish community. The program admits students of any race, color, national and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students in the program. The program does not discriminate on the basis of race, color, national and ethnic origin in administration of its educational policies, admissions policies, scholarship and loan programs, and athletic and other policies administered by the program.
